

## LED LIGHTING SOLUTIONS

LED technology allows for ground-breaking designs of inspiring purity and beauty. INTEGRAL offers the widest range of LED products available. LED provides incredible energy efficiency too... all without sacrificing light quality, power output or choice.

We also provide retrofit solutions to change the existing CFL bulbs and tubes with LED bulbs and tubes, so that our customers don't need to spend on fixtures.

Our LED range includes solutions for commercial, household as well as industrial lighting solutions.
